

RFP 2019 – 105 Category Two Equipment – Routers E-Rate YR22

QUESTIONS:

Referring to the eligible equipment listed on pg18, which represented a Cradlepoint ruggedized LTE router with a Wi-Fi modem and corresponding antennas:

1. Can you please provide a list of the individual required specifications that the proposed routers must meet?
 - a. Needs an ethernet out
 - b. Needs to be compatible with any service provider
 - i. ie: Verizon Wireless, AT&T, Sprint, T-Mobile
 - c. Needs to be able to service all of the following counties.
 - i. Amador County
 - ii. Contra Costa County
 - iii. El Dorado County
 - iv. Placer County
 - v. Sacramento County
 - vi. San Joaquin County
 - vii. Solano County
 - viii. Sutter County
 - ix. Yolo County
2. Are the routers intended to be used for LTE AND/OR Wi-Fi WAN connectivity to an existing LAN? Please explain further.
 - a. This is intended to be used for LTE. Basically a high powered MiFi. Does not need to connect to WiFi WAN.
