

Succeed at Visions

100% Free Public School

Flexible Education Options

Visions has been providing distance learning for over 20 years. Our three programs allow students to learn from home. Visions provides the tools and teacher support so students can focus on their academic and personal goals.

Public School At Home

Visions is fully accredited by the Western Association of Schools and Colleges.

Our students and families enjoy a variety of extra benefits that aren't available at traditional public schools.

- ★ Flexible schedule - students work at their own pace and on their own time
- ★ Teachers meet with students virtually or in their communities
- ★ Online systems to manage coursework, budgets, ordering and more
- ★ Events and social activities including writing classes, dances, field trips, student clubs and more
- ★ Access to FREE community college opportunities
- ★ Free online and in-person tutoring
- ★ Summer school and credit recovery options available
- ★ Annual Learning Assessments to build students a personalized learning plan

Our Programs

INDEPENDENT STUDY

GRADES: 9-12

Students receive a free Chromebook to complete their work online and meet with their teacher regularly either virtually or in a public place, like a library or coffee shop. This flexible program allows students to work, catch up on credits and earn their diploma safely from home. Starting Fall 23/24 students receive a budget of \$1,500 for activities, projects and community college materials.

UNIVERSITY PREP

GRADES: 9-12

This academy is similar to Independent Study but includes honors classes to prepare students for college or university. Students meet with their teacher one-on-one and in small groups with other students. A free Chromebook is provided so students can complete their courses online from home. Starting Fall 23/24 students receive a budget of \$1,500 for activities, projects and community college materials.

HOME SCHOOL

GRADES: TK-8

Teachers partner with parents to provide an excellent home school education. Students in grades TK-8 are provided \$3,000 (starting Fall 23/24). This instructional resources budget is used for curriculum, enrichment activities and materials so families can customize their student's education. Parent educators provide four to six hours of daily instruction and receive support from a credentialed teacher.

Hear From Parents and Students Like You!

If your child is not succeeding in a traditional environment, be willing to take a chance, because continuing year after year with a child being unsuccessful is really detrimental. Be willing to take a chance, I'm really glad that I did.

Laurie, Parent

[VIEW PARENT SPOTLIGHT](#)

When we came to Visions it was very apparent that the students came first and that I would be able to get personal schooling while moving just as fast, if not faster, than in [traditional] public school.
