Graduate High School From Home

Visions has been providing distance learning for over 25 years. Students can focus on their goals while completing classes online. We offer flexibility so students can earn their high school diploma from the safety of home while still being able to work and pursue their interests.

100% Free Public School

Our students receive tons of free support. Our teachers meet with students virtually or in their community and school work is completed in our online learning system. We offer counselor support, small group meetings, events, student clubs, community college classes, career pathways, and much more to help our students prepare for the future.

1:1 relationship with a credentialed teacher, counselor and mentor

Support Services

Learning at home doesn't mean missing out on dances, clubs, in-person events, field trips, or community college. At Visions, the extra flexibility in your schedule gives you more time to expand your education!

Student Clubs

We have over 90 clubs for students of all ages to choose from. We have something for everyone, including art, soccer, Black Student Union, basketball and more!

"There's so much focus in education on a student's cognitive ability ... but when it comes to who they are that's often overlooked. We really hone in on the whole person." - Brittney P., Visions teacher.

Mentoring & Writing

Students have access to multiple mentoring programs including our S.T.E.M. program with UC Davis to prepare for life. We also offer a creative writing program with 916 Ink, where our students become published authors.

Community College

Many California community colleges offer FREE classes to high school students and Visions helps cover costs for materials and textbooks.

In-person Events

To give students and families more opportunities to connect we organize free in-person events for all grades throughout our service area.

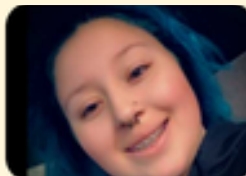

Enrichment Vendors

Choose from hundreds of approved vendors and use your student budget to learn coding, karate, art and more. You can also take driver's ed!

Career Technical Education

Visions partners with local community colleges to offer Medical Careers, Game Design, Cybersecurity, Artificial Intelligence, and Construction pathways.

"Visions helped me figure out what I wanted to do with my life," says Alyssa, who took advantage of the Medical Careers Pathway.

Mental Health

Visions In Education focuses on the wellbeing of our students. Not only do we provide a personalized education but we also offer services to help students manage their mental health.

Services

Visions is partnered with **Care Solace**, a free online coordination tool that connects students and families with mental health services in their community.

Supportive Staff

We have a full team of **counselors, social workers** and **Foster and Homeless Liaisons** to support our community.

Resources

Parents and students have access to tons of digital wellness resources on topics like coping skills, personal growth, dealing with crises and more. Visions also offers a “mobile library” that is brought to our in-person events and a “virtual calming room”.

“Visions allowed me to create my own schedule and feel a lot more at ease. Looking back this [choice] improved my mental health.” - Tarig E., Visions Graduate

Did You Know?

We offer **Wellness Rooms** at our graduation ceremonies for students who need a quiet place to process their feelings.

Student Success Stories

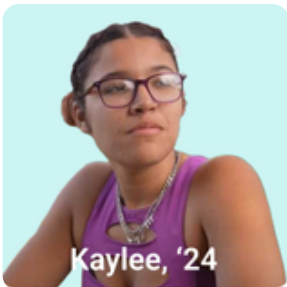

Jesus, '24

Catch Up On Credits

"With traditional school I felt restricted in what I could do. Visions seemed to respect me as an individual ... With Visions, my time wasn't wasted. I was able to add classes and attend summer school to fix my credits. There would be no way in a traditional setting that I could have done what I did at Visions."

Kaylee, '24

The Perfect Fit

"I absolutely loved being in the Independent Study Academy. There was a lot of freedom, I loved going at my own pace, [and] it was also better for me mentally. I made friends through the Black Student Union club, the dances, my classes, and the school events. Visions gave me opportunities to do things that I like with others, and for that I am very grateful. Visions is the place to be."

Korvus, '24

Safety To Learn

"We put in an application at Visions and I've never felt such a stark transformation in my life. Finally I had teachers that were there to listen and help. I soared academically because people were teaching me in the unique way that I learned. I was able to show everyone that I was a good student, I was intelligent and I was able to learn with a developmental disability."

Lenny, '23

Personalized Learning

"The caringness that they have is one of the reasons I appreciate them, the willingness to learn how I function, it's uplifting. If you are considering Visions, I think it's the best to ask your child if they would work in a better environment on their own or one-on-one with their teacher. If they say yes, go right ahead because honestly it's a very good choice."
